Duration

Our programme at Earlscliffe runs for 2-weeks

Special Feature

UNESCO debates every Thursday

Think Global! is designed not only to maximise a student's language development but to do this through using UNESCO's 'Four pillars of learning': learning to know; learning to do; learning to be and learning to live together.

By exploring global themes and utilising 21st century learning skills, students enhance their language skills (listening, speaking, reading, and writing) and gain the confidence to engage in discussions, debates, and challenges with their peers.

“

“During my stay at Earlscliffe, I think I have spoken my own language maybe twice. I am even thinking in English now! The connections I have made here are so strong, as you spend so much time together. People from all over the planet - I feel like I have known them for years!”
